Request for Proposals (RFP)

System Sustainability and Structural Alternatives Study of the University of Puerto Rico RFP JG 2027-01

The Governing Board of the University of Puerto Rico requests proposals from consulting firms, research organizations, specialized institutions, interdisciplinary teams, and other qualified entities to conduct an independent study of the sustainability of the University of Puerto Rico System and the evaluation of structural alternatives for its future institutional development, pursuant to Institutional Transformation Action No. 22 and Certification No. 60 (2025-2026). *The minimum qualifications for proposers are set forth in Section 7 of the RFP.*

A copy of the RFP will be available on the Governing Board's official website at <https://juntagobierno.upr.edu>.

OBJECTIVES

Summary below; complete objectives are set forth in Section 3 of the RFP.

- Assess the sustainability of the current university system's eleven (11) units.
- Analyze operational, administrative, and governance efficiency.
- Identify structural alternatives that promote long-term institutional sustainability.
- Estimate the implications of the identified alternative models.
- Develop fiscal and demographic projections.
- Present evidence-based findings and recommendations for the Governing Board's consideration.

SPECIAL NOTES

- Proposals received after the established deadline will not be accepted.
- Proposals must be submitted in two separate, sealed volumes: Volume I – Technical Proposal and Volume II – Cost Proposal.
- All communications related to this RFP shall be directed exclusively to the official point of contact, solely via email at subastas.jg@upr.edu.
- The Governing Board reserves the right to reject any or all proposals received.
